

Message to Cluster 23 Parish Bulletins

Members of the Cluster 23 committee are creating an assessment tool to assist with learning more about the various parish communities within Bridgton, Gorham, Westbrook and Windham. We feel strongly that we must have a greater understanding of each community's strengths and weaknesses before any decision-making can occur. As part of our preliminary information-gathering efforts, the committee members will be visiting with the individual pastoral councils and finance commissions during the coming months. The group has committed to ensuring consistent and timely communication of our progress to all parish members involved, and we encourage you to provide us with your feedback and concerns at any time during the process. Members of the group include:
